Tina and Jimmy,

Here is the corrected HC that Dan was asking about. I've attached the data table we used on Friday when preparing the response for SJBHD. Let me know if you need anything else.

Larry

Larry,

Attached is a forward facing draft version of the letter HC you prepared last Saturday associated with the Gold King Mine ER. I have added standard language the region uses for letter health consults, corrected punctuation/grammar (I noticed) and formatted for the approved letterhead. Please review, make whatever modification you feel are necessary and attach the (corrected ?) excel spreadsheet with the EPA data you evaluated for the HC. In particular, please ensure that the small transcription error has been corrected on both the attached data spreadsheet and the letter. Please forward your modified/corrected version of the letter to Tina w/cc to me and Jimmy. They will review and if acceptable, forward to Pat for his signature.

Please let me know if you have any questions/comments.

Thanks,

Dan
